

LAST CHANCE: EDITORIAL OPPORTUNITY

Dear IMTS Exhibitor:

We're heading down the final toolpath to IMTS 2008, and we hope you are anticipating the Sept. 8-13 show as much as we are. Here's what we will be doing to help inform our readers about IMTS.

Tooling & Production invites you to submit a product press release and photo of what will be displayed at IMTS 2008 for *T&P's* August IMTS 2008 Show Issue.

(If you have already responded to the call for monthly Readers' Choice submissions, you need not resubmit your item. However, new material that hasn't been published in our Readers' Choice sections is welcome. There is no cost to you if we choose to run your product/photo in our magazine — this is an editorial opportunity.)

Please e-mail your press release and a high-resolution photo (minimum of 300 dpi and minimum size of 4"x 4") to: dseeds@nelsonpub.com

or mail it to us at:

Tooling & Production Magazine
6001 Cochran Road, Suite 104
Solon OH 44139

Please note: Submissions must reach us no later than Monday, June 16, 2008.

If you have questions, you may reach us at 440-248-1125, x 203

Thank you in advance for your participation.
